ROMAN BAHRAM
LOGISTIC SERVICES

On Time, Every Time — Across Afghanistan.

Roman Bahram Logistics Services

LEARN MORE

About Company

Roman Bahram Logistic Services was established in 2022 with a commitment to providing reliable and efficient logistics solutions across Afghanistan. Since our founding, we have successfully completed more than 30 projects, delivering excellence in purchasing various types of goods, providing rental vehicle services, and ensuring the safe and timely shifting of materials nationwide.

With a focus on professionalism, flexibility, and client satisfaction, Roman Bahram Logistic Services has built a strong reputation for handling logistics operations in even the most challenging environments. Our experienced team is dedicated to supporting businesses, organizations, and institutions with customized logistics solutions that meet their needs and exceed their expectations.

At Roman Bahram Logistic Services, we move more than goods — we move possibilities.

Why Choose us?

At Roman Bahram Logistic Services, we have successfully completed over 20 logistics projects across Afghanistan since 2022, delivering reliable and efficient services. With a professional team and a well-maintained fleet, we ensure safe, timely, and secure transportation of goods to every part of the country. Our customer-focused approach guarantees tailored solutions, competitive pricing, and complete satisfaction for every client.

    - **HR & OPERATIONS OFFICER**

Latest Project

Our latest projects include providing vehicle rental services to MAPWO and HVSO organizations in Kabul and Maidan Wardak, where we supplied 4x4 vehicles to support their operations. We ensured the vehicles were available for safe and reliable transport across challenging terrains. Additionally, we managed the procurement and transportation of construction materials for DRC Organization to a remote site, delivering the materials on time and securely. These projects highlight our ability to handle diverse logistics needs and deliver customized solutions efficiently.
